Whenever she asked her father about his history, he always told her it didn't matter, they were there now. She also mentioned that some might have gone to Oklahoma too. Everyone else remained in WVa. Her sisters are planning a trip to WVa and they are going to do some research for me. Also my cousin just moved here and she might have more info. So anything new I'll let you know. Thanks for your info. Hopefully we find a connection. Nita Ragone
