Hi everybody,

Well, I have finally gotten all the information about Simon Romeyn that I have collected so far on the web pages. There are still some sources which I have not been able to use and thus they are not included. Much of the information included on the "timeline" page came from list member, Shirley Flanagan, and I still have not located locally some of the sources that she found but I still have a couple of more libraries to hit. :) So that part of the work is still ongoing.

However, while I work on that, I really want to turn some attention to Stoffel and Claes and to at least get the rudiments of some page going for them. Will let you know when I get them up. Until then, if you might have anything on Simon that Shirley and I haven't listed, please pass it on. Also an discussion concerning Simon and the evidence, deductions, etc. on the list would be more than welcome.
