If you think that this ties into your family AND if your computer will accept .doc files from our computer and our scanner, I will have my husband send a copy of this page using the scanner. Will be a couple of days as he is quite busy with some volunteer commitments for our small town.....Checked surnames of ENGLAND (none listed) as well as WALLACE and WOODS--found surnames but not given names to match. Also, checked the following to see if a match on any of the same surnames and same given name--no success. Cumberland County, Illinois Interment List 1968 Cumberland County, Illinois History and Biographies I also maintain a cross reference index not only for my family research but also for surnames of any non-family requests regarding ref. look ups. This is just a courtesy to possibly connect people looking for same surname. May I give your e-mail address to anyone looking for the same names? Of course, I would send you their e-mail address? I am also listed for Bath and Montgomery Counties in Kentucky as well as for Coles, Clark, and Cumberland Counties in Illinois for reference look ups. Awaiting your reply, Glenna Tippet Mullen
