Hi,

Thought that I would start to send out another set of papers from a law suit to you all. This one is also from Loudoun Co. It is the fourth case that I have sent. The others were Burson vs Romine, Romine vs Romine and Johnson vs Romine. If you are new to the list and missed those, you will want to visit the list archives and retrieve them using the search engine.

This first document is the info copied from the jacket or sleeve of the packet. I have taken the liberty of abbreviating some of the entries for continuances as all they were was the abbreviation "Do" for ditto. This particular jacket was hard to read and words seem to have been omitted in some of the phrases so it doesn't make sense at times but it does show how long the case dragged out.
