Mary Lou,

Your note was forwarded to the Romine email list and I thought that I would take a stab at it.

If Daniel Romine was the illegitimate son of a Sarah Romine, he probably was NOT the son of Sarah, daughter of Peter and Abigail and wife of Joseph West. I don't have a lot on Sarah yet and other researchers have helped to identify at least two of her children, born to Joseph West. She had died by about 1801.

Right now I don't have a source that would link Daniel to anyone named Sarah. Can you tell me what the sources were that you found? Also, who were his children? What does the Bible record tell of his family? I would be greatly interested in learning more about it.

According to the Loudoun Co, VA Court Order Book, Daniel and Ann sold some land and the deed was recorded on 8 May 1797. It is interesting to note that this is the same day that the inventory of the estate of John Romine was recorded. The land he sells is bought by John Scatterday who a few years later was sued in Loudoun Co, Va. It has been my thought that Daniel might be the son of Peter Romine Jr. and his probable wife, Ruth Burson.

Any further information on Daniel that you may be able to give would be most welcome.
